

# Chemicals & Oil

Plan smartly by statistical modelling as well as collaborative power of the planning system to achieve dependable service levels. Long lead times make the cost of failure high with locked-in working capital and loss of market share. A right planning tool with collaborative power can mitigate this risk.

## KEY CHALLENGES

- Large no of products
- Import Dependencies
- New product introductions
- Distributed network
- Supply lead times
- Business & consumer sales

## RESULTS

**Max  
Forecast  
Accuracy**

**Max  
Service  
Level**

**High  
Stock  
Efficiency**

## GLOBAL CUSTOMERS

- Asian Paints
- BASF
- Dow Chemicals
- Eastman Chemical
- Exxon Mobil
- PPG Asian Paints
